

CCSM CLIMATE CHANGE WORKING GROUP MEETING

AGENDA

Co-Chairs: Gerald Meehl, NCAR, Warren Washington, NCAR, and Ben Santer, LLNL

The Village at Breckenridge, Ten Mile Room

Thursday, 23 June 2005

8:00 AM – 9:30 AM

The session will consist of five AMS-style short talks, followed by a discussion of the Climate Change Working Group plans for the coming year.

IMPORTANT NOTICE FOR SPEAKERS: *Each talk will be strictly held to a 12 minute limit, followed by one or two questions.*

Greeting and introduction to the session: Gerald Meehl

Session chair: Ben Santer

- | | |
|-----------------|---|
| 8:00 AM–8:15 AM | Changes in Daily Surface Air Temperature and Precipitation Extremes in the IPCC AR4 (Michael Wehner, Lawrence Berkeley National Laboratory) |
| 8:15 AM-8:30 AM | Going to the Extremes: An Intercomparison of Model-Simulated Historical and Future Changes of Extreme Events (Claudia Tebaldi, NCAR ISSE; Katherine Hayhoe, U. of Illinois and ATMOS Research and Consulting; Julie Arblaster, NCAR CGD and BMRC Australia; and Gerald Meehl, NCAR CGD) |
| 8:30 AM-8:45 AM | Stability of Large-Scale Eastern Boundary Current Forcing in the 21 st Century (Noah Diffenbaugh, Purdue University) |
| 8:45 AM-9:00 AM | Temporal Changes of Ocean and Ice Under Overshoot Scenario (Norikazu Nakashiki, CRIEPI, Japan) |
| 9:00 AM-9:15 AM | Changes in Poleward Energy Transport and Zonal Mean Atmospheric Circulation in Simulations of the 21 st Century Climate (Jeff Yin, NCAR CGD) |
| 9:15 AM-9:30 AM | CCWG Plans (Gerald Meehl and Warren Washington, NCAR CGD and Ben Santer, Lawrence Livermore National Laboratory) |
| 9:30 AM | Adjourn |
