NEW!

Ocean forces atmospheric variability
Jochum, Deser, Phillips and Murtugudde
CCSM Workshop, 22. June, 2005

Snapshot of SST on June 2003, from Microwave Imager.
one extreme July

Interannual SST anomalies are generated by Intraseasonal Instability waves.
Increase in intraseasonal and interannual wind variability (in %)
Ratio between the annual rainfall maxima in TIW and control
Rainfall at 120W/1N for control (red) and TIW

Rainfall at 120W/4N for control (red) and TIW
