Any questions about the lab so far?

At the end of each day, we will reconvene in the main seminar for the daily check-in

- we will discuss what went well and what didn't.
- you will complete the daily survey.

For each lecture:

- How relevant was the content of the class to your interests or needs?
- Was the difficulty level of the class appropriate for your skill level?
- Any additional comments or suggestions?

On the last day, there will be a general survey.

These surveys are important for us to improve the content of the tutorial. Please fill the survey. CESM or CGD merch could be yours.
